VEGETINE

PURIFIES THE BLOOD,

Renovates and Invigorates the Whole System.

Its Medicinal Properties are Alterative, Tonic, Solvent, and Diuretic.

VEGETINE is made exclusively from the juices of carefully selected barks, roots and herbs, and so strongly concentrated, that it will effectually eradicate from the system every taint of **Scrofula, Scrofulous Humor, Tumors, Cancer, Cancerous Humor, Erysipelas, Salt Rheum, Syphilitic Diseases, Canker, Faintness at the Stomach,** and all diseases that arise from impure blood. **Sciatica, Inflammatory** and **Chronic Rheumatism, Neuralgia, Gout and Spinal Complaints,** can only be effectually cured through the blood.

For **Ulcers** and **Eruptive Diseases** of the **Skin, Pustules, Pimples, Blotches, Boils, Tetter, Scald-head** and **Ringworm,** VEGETINE has never failed to effect a permanent cure.

For **Pains in the Back, Kidney Complaints, Dropsy, Female Weakness, Leucorrhœa,** arising from internal ulceration, and uterine diseases and **General Debility,** VEGETINE acts directly upon the causes of these complaints. It invigorates and strengthens the whole system, acts upon the secretive organs, allays inflammation, cures ulceration and regulates the bowels.

For **Catarrh, Dyspepsia, Habitual Costiveness, Palpitation of the Heart, Headache, Piles, Nervousness and General Prostration of the Nervous System,** no medicine has ever given such perfect satisfaction, as the VEGETINE. It purifies the blood, cleanses all of the organs, and possesses a controlling power over the nervous system.

The remarkable cures effected by VEGETINE have induced many physicians and apothecaries whom we know to prescribe and use it in their own families.

In fact, VEGETINE is the best remedy yet discovered for the above diseases, and is the only reliable **BLOOD PURIFIER** yet placed before the public.

The Best Evidence.

The following letter from Rev. E. S. Best, Pastor of the M. E. Church, Natick, Mass., will be read with interest by many physicians; also those suffering from the same disease as afflicted the son of the Rev. E. S. Best. No person can doubt this testimony, as there is no doubt about the curative powers of VEGETINE.

NATICK, MASS., JAN. 1st, 1874.

MR. H. R. STEVENS:

Dear Sir—We have good reason for regarding your VEGETINE a medicine of the greatest value. We feel assured that it has been the means of saving our son's life. He is now seventeen years of age; for the last two years he has suffered from necrosis of his leg, caused by scrofulous affection, and was so far reduced that nearly all who saw him thought his recovery impossible. A council of able physicians could give us but the faintest hope of his ever rallying; two of the number declaring that he was beyond the reach of human remedies, that even amputation could not save him as he had not vigor enough to endure the operation. Just then we commenced giving him VEGETINE, and from that time to the present he has been continuously improving. He has lately resumed his studies, thrown away his crutches and cane, and walks about cheerfully and strong.

Though there is still some discharge from the opening where the limb was lanced, we have the fullest confidence that in a little time he will be perfectly cured.

He has taken about three dozen bottles of VEGETINE, but lately uses but little, as he declares that he is too well to be taking medicine.

Respectfully yours,
E. S. BEST,
MRS. L. C. F. BEST.

ALL DISEASES OF THE BLOOD.

If VEGETINE will relieve pain, cleanse, purify and cure such diseases, restoring the patient to perfect health after trying different physicians, many remedies, suffering for years, is it not conclusive proof, if you are a sufferer, you can be cured? Why is this medicine performing such great cures? It works in the blood, in the circulating fluid. It truly has called the GREAT BLOOD PURIFIER. The great source of disease originates in the blood; and no medicine that does not act directly upon it, to purify and renovate, has any just claim upon public attention.

RECOMMEND IT HEARTILY.

SOUTH BOSTON, Feb. 7, 1870.

MR. STEVENS: Dear Sir—I have taken several bottles of your VEGETINE, and am convinced it is a valuable remedy for Dyspepsia, Kidney Complaint, and general debility of the system.

I can heartily recommend it to all suffering from the above complaints. Yours respectfully,
MRS. MONROE PARKER,
386 Athens Street

TUESDAY, APRIL 24, 1877.

GENERAL NEWS.

FROM NEW YORK.

ANOTHER LIFE INSURANCE FRAUD.

WARRANTS FOR THE ARREST OF OFFICERS.

The "American Popular."

NEW YORK, April 23.

Warrants were issued today for the arrest of the officers of the American Popular Life Insurance Company, which has been declared insolvent by the state insurance superintendent. The officers are charged with fraud and perjury, and it is said the most atrocious swindling has been discovered.

A Criticism on Mr. Evarts.

NEW YORK, April 23.

The Herald animadverts this morning upon Mr. Evarts holding the secretaryship of state and arguing cases before the courts. It cites the action of Mr. Webster in giving up his private business when holding the same office by the help of wealthy Bostonians.

Freaks of a Lunatic.

Martin Higgins bought an interest in a store in Chatham street, and on Saturday night locked the door and his partners into the store with him, when, under a freak of insanity, he proposed to learn them Christianity by paying them a thousand dollars per hour. He then began to pray, curse and knock his partners down, supplementing his first paroxysm by throwing several hundred dollars in bank notes into the fire. The police secured him and he has been confined. He is quite wealthy.

FINANCIAL AND COMMERCIAL.

Depression and Shrinkage.

NEW YORK, April 23.

There has been severe depression, with heavy shrinkage of values again, in the stock exchange today. All kinds of stocks, both investment and speculative, have declined.

A Bear Clique

led by the Twenty-third-street party, assisted by Gould and Keene, who recently joined them, appear to have supreme control of the markets, and have utterly demoralized the holders of railway securities. There is great distrust in all circles.

The Flame of Excitement

has been increased by rumors of embarrassment and of probable failures among the bulls. Up to noon, however, the panic-mongers had not been assisted by any really bad news and there was a fractional recovery from the lowest prices. A false report was in circulation in the stock exchange at one time that Kennedy & Co., had enjoined the Nassau bank from a sale of their securities.

The Estimated Shrinkage in Value

of stocks in Wall street during the past two weeks is $32,000,000. The decline in prices today up to 12:30 was 2 per cent. in Rock Island, Lake Shore 1, St. Paul preferred 1½, Delaware & Hudson 2, Michigan Central 2, New York Central 2, and Northwestern preferred 1½ per cent. Northwestern gold bonds declined 1 per cent.

Philadelphia Telegrams

say the panic in railway stocks in that city continues. The Pennsylvania road has declined four per cent.

Chicago Telegrams

report a buoyant and excited grain market. Grain for June delivery advanced to $1.58, and May contracts to $1.55. Corn 48 for May and 49 for June.

Effect of the War News on the Markets.

The market for breadstuffs and provisions continues to advance in sympathy with the recent warlike news from Europe, and the spirit of speculation is more apparent today than at any time since the relations between Russia and Turkey assumed a belligerent tone. The effect is seen more especially in breadstuffs, and the markets along the seaboard as well as at the centres of trade in the West have become buoyant and prices are going up rapidly.

Dispatches from Chicago report the wheat market as very excited and active, with sales as high as $1 55¼ per bushel for May and $1 57½ for June delivery, which is an advance of 1½ cents on the closing rates of Saturday. At Milwaukee the excitement is very marked today, and wheat was sold after the opening of business. The market for pork and lard is also considerably affected by the prevailing belief in war.

The gold premium is also stronger, prices having ranged this forenoon from 107 to 107⅛.

THE RECORD OF FIRES.

In Omaha, Neb.—Pioneer Block Burned.

OMAHA, Neb. April 23.

Last night the Pioneer Block was burned with the exception of the portion occupied by Sharp & Bro., whose stock of leather was damaged by water. C. F. Goodman, druggist, loses building and stock, valued at $60,000; insured for $20,000; J. F. Lehmann, pawn broker, building and stock, $18,000; part of the stock was saved. Among the uninsured property is $5,000 worth of diamonds. The section occupied by J. M. Paltee was totally destroyed; loss $10,000; insurance, $4,500. Also the section occupied by Sampson, tobacconist; stock mostly saved. Creighton Hall was slightly damaged.

The following are among the companies in which the property was insured; Hartford, $2000; Connecticut, $1500; Springfield of Springfield, Mass., $3500; National, of Hartford, $2000; Orient, of Hartford, $3000; Ætna, $2000; total, $47,000.

In New York.—The "Journal of Commerce" Building Damaged $25,000.

NEW YORK, April 23.

A fire began in the composing room of the Journal of Commerce, and the two upper floors were burned this morning. The lower floors occupied by the Peerless Oil Company, Nourse and Brooks, and other firms were damaged by water. The publication rooms and presses of the Journal of Commerce were also injured by water. Loss $25,000.

Later.

NEW YORK, April 23.

At the fire this morning in the Journal of Commerce office, the editorial and type-setting rooms were completely destroyed. A valuable library belonging to the Journal of Commerce association, and files of newspapers extending as far back as 1828 were also destroyed. The damage to stock of paper is $12,000, to building $5000; stock insured for $15,000, building $25,000. The paper has taken other rooms, and will be published as usual.

At Newcastle, N. Y.—Loss $120,000.

NEW YORK, April 23.

Spencer's spectacle factory, Newcastle, N. Y. was burned last night. Loss $120,000.

JAPAN.

Revolutionary Troubles.

NEW YORK, April 23.

Yokohama advices of the 1st inst., are as follows: An excitement has been caused by the discovery of a pretended plot to assassinate Saigs, in which the high officers of Government were concerned, which is now known to have been a scheme devised by the rebels to discredit the Government. An alleged confession of complicity was extorted by torture from a loyal official and published by the insurgent chiefs in the hope of strengthening their cause.

General News.

An attempt to form a foreign military corps in Yokohama, against the wish of the Government, has been frustrated by the action of the foreign Ministers, who decline to give their sanction.

A new Japanese gunboat of 1000 tons burthen has been launched from the Yokosuka navy yard.

The subject of discontinuing the use of Mexican dollars by foreigners in Japan and substituting Japanese coin is under discussion.

LOUISIANA.

The Popularity of Ex-Gov. Warmoth

NEW YORK, April 23.

It is stated that the whole arrangement for the desertion of Packard's legislature to Nicholls had been left left entirely to Warmoth, who managed so shrewdly that he takes position as leader of the republicans, and it would not be surprising if he manipulated himself into the United States senate. He also purchased $160,000 worth of state bonds some time ago at 61, and sold them at 71. Subsequently, when the bonds went down to 67 and 68, in consequence of one of his uncompromising speeches, he bought largely and will make a handsome profit again, as they have again advanced since Friday, and tend upward.

A Proclamation from Gov. Nicholls.

NEW ORLEANS, April 23.

The morning papers will contain the following proclamation:

EXECUTIVE DEPARTMENT,
STATE OF LOUISIANA,
NEW ORLEANS, April 24, 1877.

By direction of the President of the United States, the troops now stationed in the vicinity of the St. Louis Hotel and elsewhere within the limits of this city will be removed to their usual barracks at 12 M., this day. The welfare of the state demands, and my official honor is pledged, that the carrying out of this order will result in no disturbance. In furtherance thereof, request and urge the citizens of Louisiana to pursue their usual avocations and to abstain from congregating in the neighborhood of the St. Louis Hotel.

(Signed) FRANCIS T. NICHOLS,
Governor of Louisiana

By the governor—
WILL A. STRONG, Secretary of State.

Small Pox on a Steamship from China.

SAN FRANCISCO, April 23.

Steamer Alaska has arrived from China and Japan with small pox among the Chinese passengers who number 950. The vessel and passengers are quarantined. The sick were taken ashore. The passengers will probably be removed to another vessel and the cargo landed after fumigation. Small pox is epidemic in Hong Kong.

THE EASTERN QUESTION.

Russian Diplomatists Leave Constantinople.

THE RUSSIAN FINANCES.

British Fleet and Troops.

NEW YORK, April 23.

A London special says the Channel fleet will re-enforce the English Mediterranean squadron, and that the fleet takes several regiments.

Leaving the Turkish Capital.

CONSTANTINOPLE, April 23.

The Russian charge d'affaires and the whole staff of the Russian Embassy and consulate leave Constantinople this evening for Odessa in the imperial yacht Heriklif.

Russians in Roumania.

A despatch from Paris says the occupation of Jassy by Russian troops announced for Monday is confirmed, every arrangement being made to secure their unobstructed possession of the Roumania Railway.

A Russian Consulate Attacked.

LONDON, April 23.

A Pera despatch announces that the Russian consulate at Kars has been attacked by disorderly Turkish soldiers. The inmates were rescued by the Turkish troops after a slight affray.

Action of Servia.

The Servian semi-official press is again exceedingly hostile. Turkey demands that Servia participate in a loan.

A Russian telegraphic agency's telegram dated Sunday evening says the Porte calls on Servia for leave to occupy the frontier at Gladova, to prevent the passage of Russians.

Russian Finances.

The actual condition of the Russian money market may be gathered from the St. Petersburg Pan Slavist journal, the Novoye Vremya, recommending government to raise a heavy foreign loan, even at a loss of forty per cent., rather than multiply paper money indefinitely. Even now the depreciation of paper is so great and progresses so rapidly that corn has risen four to six roubles the hektvert the last few days. The rumor of the loan is premature. There have been negotiations for one, but nothing will be absolutely settled until war is regarded inevitable.

Turks Moving.

The Times correspondent with the Turkish Army states that 10,000 men from Widden have gone eastward to the seat of war.

Attitude of Austria.

A Times Belgrade dispatch says, despite the assertion of the Russian Telegraphic Agency that a perfect understanding is arrived at between Russia and Austria relative to Eastern affairs, there can be no manner of doubt that the Austrian semi-official organs, which positively deny the existence of such understanding, are correct, and that Austria reserves to itself absolute liberty of action.

FROM WASHINGTON.

BEN WADE'S LETTER.

Republican Sentiment at the West.

WASHINGTON, April 23.

The statements of Secretary Thompson are in direct contradiction to Ben Wade's letter published this morning. Mr. Thompson, who has just returned from a two weeks' trip to the west, says that the general republican sentiment more earnestly approves the President's policy than he had supposed, and that this is especially true of those who founded the republican party twenty-five years ago.

The Neutrality Laws.

Our government, in the event of a European war, will take immediate steps to preserve the strictest neutrality in accordance with the treaty of Washington. It is said the Russian fleet will be compelled to immediately leave our waters unless they should disarm.

The Treasury Department.

Secretary Sherman will make some important changes in the heads of bureaus at the Treasury Department before the meeting of Congress.

An Architectural Fight.

Ex-Supervising Architect Mullett and Supervising Architect Hill are engaged in an epistolary war, in which the respective architectural knowledge of each is attacked by the other.

MR. BLAINE AND THE PRESIDENT.

A Ridiculous Report Squelched.

NEW YORK, April 23.

In regard to the story emanating from a California paper that Senator Blaine intended to introduce resolutions in congress questioning the right of Mr. Hayes to the presidency, published this morning, Mr. Blaine telegraphs here as follows:

"There is not the slightest foundation for the story. It is the invention of a lunatic or an idiot. JAMES G. BLAINE."

The Tweed Investigation.

The Tweed committee examined Judge Noah Davis today, but he knew of no money being paid to state senators for voting for Tweed charter. Ex-Senator Winslow only voted for the passage of the Tweed charter as it was understood by a caucus of republicans at which Horace Greeley was present, that that charter was to be supported in consideration of the democrats supporting the republican registry bill.

Ex-Senator Winslow testified that he did not receive any money from Tweed, as was recently stated, and never paid any to Senator Woodin, or to anybody else to vote for the Tweed charter. He exhibited a letter from Horace Greeley, urging the passage of an election law, and Winslow said Greeley was emphatically in favor of passing Tweed's charter to secure the election law.

An Earthquake Shock in County Argyle, Scotland.

NEW YORK, April 23.

A Glasgow dispatch says a severe shock of earthquake occurred this morning at Oban, county of Argyle, Scotland.

Grand Trunk Railway Report.

TORONTO, April 23.

A cable dispatch from London the 21st instant, says the Grand Trunk half-yearly report, published today, shows a gross decrease of £140,000. This is attributed to competition of American lines for traffic to the seaboard, the loss of local traffic and a deficient harvest. The board is negotiating with the Great Western for settling future relations of the companies. If an agreement is finally arrived at before the 30th of April, it will be reported at the meeting; if not, the meeting will be adjourned, when the directors will exhibit an ultimate statement.

BLOCK ISLAND.

At about 4 o'clock P. M., Friday, the little girl living with Mr. Frank Willis, proprietor of the Seaside House, said that the barn was on fire. A dense fog had prevailed for several hours with occasional showers, but the fog had now lifted and was shining brightly upon the wet roof, from which vapor was rising. Mr. Willis looked at the barn and said he saw nothing but the vapor. In a few minutes the girl again declared the barn to be burning. Mr. Willis then went into the barn and found that a fire had indeed begun in some hay or straw near the roof. At once procuring two pails of water, he attempted to extinguish the flames, which he could easily have accomplished with a little aid, but was unable to do so alone. The smoke began to pour from the barn, and soon neighbors seeing it came to his aid. It was quickly seen that there was no hope of saving the barn, and the labors of all were directed to save the hotel and the small buildings near. The barn, with five tons of hay, one hundred bushels of corn, a supply of wood and coal, and some farming implements, were consumed. There was no insurance. The loss is estimated at about $600. As the wind was from the southwest several buildings near by, directly to leeward, would certainly have been ignited by the showers of sparks but for the prompt and earnest aid of the neighbors. They came running from all directions, many with pails in their hands, and were soon so stationed as to keep all but the barn thoroughly wet. Our fishermen probably make as good impromptu firemen as may be found anywhere. The readiness with which each man took his proper place, causing no confusion, was almost surprising.

The crew in the life-saving station at the "Harbor" was disbanded on Sunday, April 15, after five months' service. Although nominally dismissed, should there be need during the summer, they will be subject to be called. This station has rendered a number of minor services to vessels during the winter; but for the use of the surf boat or life-saving apparatus, there has been no need caused by distress.

The island high school closed its spring term on Friday, April 20th. During this term good progress has been made.

The work upon the meeting house at the west side of the island is progressing rapidly. The old building has been sawed into halves, which are moved apart far enough to build in the additional length planned.

The London Spectator, commenting upon the execution of John D. Lee, says:

"The people of the United States have long been desirous that Mormonism as a civil polity should be broken up, and have been restrained mainly by an idea and a doubt—an idea that if they once interfered with a creed, they should never know where to stop, and of doubt whether Mormonism, after all, was more than a disagreeable creed. That doubt is now finally removed; every instance of terrorism will be rigidly punished, and in no long time the leaders of Mormonism will be regarded on the spot as dangerous enemies to society. "No such position can be held for long by any body of men in America, and we expect to hear shortly, either that the Mormons have once more emigrated, or that they have dissolved their organization in fear of Gentile violence, or that they have received a new revelation, reducing them, till better times come, to the level of an ordinary industrial society with a peculiar creed. If Brigham Young were still in his prime, the first would be the most probable solution; but he is old and feeble, yet greatly reverenced by his followers, and he is more likely to resort to the third."

Especially Adapted to Shingle and Tin Roofs.

Warranted to stand five times as long as any other article now in use.

Roofs where the shingles have been on for twenty years can be made to last five to ten years longer, by applying this paint—costing less than the labor required to lay shingles.

Tin Roofs Made Perfectly Water-Proof, and requiring only one coating in five years.

The Newport Daily News and the Newport Journal.

The Newport Daily News is published every afternoon, (Sundays excepted,) at the News building, 19 Church street, by Davis & Pitman.

The Newport Journal is published at the same office every Saturday morning, and contains a selection of the best matter in the Daily, including editorial discussions of the topics of the week, literary miscellanies and at least one good story, the latest markets, and a complete and comprehensive summary of the news,—local and general. The Journal is a large, 32 column paper, and contains more reading matter than any other paper in the southern part of the state.

Complaints regarding the irregular or improper delivery of either paper should be sent to the office at once.

ADVERTISING RATES.

Ordinary advertisements, $1 a square, for the first insertion, and 25 cents for each continuance. Ten lines or less, in this type, make a square. Advertisements in reading matter, are charged for, at 50 per cent. extra, and are subject to editorial revision. A discount on these rates is allowed on all advertisements ordered for one week or longer. Funeral notices 50 cents each. Yearly advertisers are limited to their immediate business and are allowed twenty five changes a year. No gratuitous advertising for any object.

SUBSCRIPTION RATES.

The Daily News, $6 per annum, or 12 cents a week, to carrier.

The Newport Journal, $2 per annum, or $1 50 if the whole year is paid for strictly in advance.

PRINTING.

Connected with the News is a large and well appointed job printing office. All orders for work in this department will be promptly filled, and at reasonable prices. The patronage of the public is respectfully solicited.

THE DAY.

Providence is to have more telephone performances.

The Chicago Herald says that the Newport Journal publishes public laws enough to carpet the whole state.

A fire in the building of the New York Journal of Commerce yesterday morning damaged property to the extent of $25,000.

They say that the market valuation of stocks in Wall street in the past few days amounts to $32,000,000. If this be true it is no wonder that numerous failures are reported.

A man by the name of James Riley fell from a load of hay in Providence on Saturday and was almost instantly killed. A wheel of the wagon passed over his head. Farmers and teamsters should take warning.

Alexander H. Stevens improved his first "out" yesterday by calling on President Hayes, who went to the carriage to see him. Mr. Stevens said he was glad to see the president carry out the policy proposed in his inaugural.

The New York World says that before the south can accept President Hayes's policy, the republican party must repeal all the legislation enacted in congress to enforce the fourteenth and fifteenth amendments. Indeed!

Judge H. M. Spafford was nominated by the Louisiana democratic caucus yesterday for United States senator. He made a speech heartily endorsing the president's southern policy. Nine more republicans have gone over to the Nicholls legislature.

Hon. Ben Wade in his attacks on President Hayes simply repeats himself. He used to talk in the same strain about Abraham Lincoln. His is one of those ardent souls that can brook no departure from preconceived plans or opinions, and that knows of but one method of reaching an end. To him any one who does not adopt that method is an enemy of the cause. The country is full of just such reformers and every good enterprise has been marred by their indiscretions.

It looks as though war in Europe is pretty sure to come and that at no distant day. The prospect of an immediate outbreak has begun to disarrange business on this side of the water as well as in the old world. Should the war go on we shall probably see another era of speculation and another reign of high prices. Several agents of the Turkish government have arrived in Providence to attend to the manufacture and sale of arms, and that branch of business, especially, promises to be lively for some time to come.

Anonymous communications of almost endless variety are sent to newspapers for publication and never, or should never, go anywhere but in the waste basket. The receipt of spurious announcements of marriages and deaths has been a very common occurrence in the experience of the News but never in the history of the paper under its present management have the publishers been successfully imposed upon in this way until Saturday last when a notice of the death of Henry Rome was sent to the office, signed by are sponsible man on Thames street, and was inserted in the paper. Mr. Rome, called and thus gave the best possible evidence that he was not dead. The sender of the announcement acknowledges his guilt and professes great mortification at his conduct. The apology is accepted in this case. The following law was passed at the recent session of the general assembly and is republished as a protection from imposition on the public as well as the newspaper.

[Passed March 22, 1877.]

It is enacted by the General Assembly as follows:

SECTION 1. Any person who shall willfully send to the publishers of any newspaper for the purpose of publication, a fraudulent notice of the birth of a child, or of the marriage of any parties, or of the death of any person, shall, upon conviction thereof, be punished by a fine not exceeding one hundred dollars.

THE TEMPERANCE WORK.

It does not follow that a man or a church is either hostile or indifferent to the cause of temperance for the reason that a quick response is not given to the call of some self-constituted leader who essays to take the matter in hand and assumes to have an oversight of the general work. The cause has been sadly injured by such leaders, who while unsuccessful in promoting reform among those in need of it, are quite potential in driving men into the background who are in hearty sympathy with the movement. In most Christian congregations temperance is a part of the church work, and pastors and people have more faith in the regular ministrations of the church than in the ephemeral societies and clubs that come and go with almost every month in the year. Many of these churches and their pastors believe in the conversion of souls by the power of the Holy Ghost, and have but little faith in reforms and but little hope for reformed men who are not thus born into the kingdom of God. Such Christians while not indifferent to the criticisms of those who take a lower view, and who seek to save men with less powerful agencies, are not at all inclined to turn aside from their prescribed labors. They believe in making the tree good before expecting good fruit. When men are converted they know they will become temperate and live sober lives. Hence in the revival now going on in this city, and throughout New England the true work of temperance is being successfully performed. During the past few weeks when it is said the churches have been indifferent to the cause scores have been thus rescued from their evil ways and made pure in the best sense of the word. Here, then, is the real, genuine, temperance work of the churches, a work that tells and lives when much that is less radical but more pretentious and showy, ceases and is forgotten. Of course Christians who seek to save men from intemperance as they do from other vices by the power of the Gospel, raise no barrier to the efforts of those outside who seek by other means to save men from their cups. They bid all these God speed and rejoice in the measure of success which they attain. They gladly account all human organizations as auxiliaries not to be despised and while themselves looking to the church, the preaching of the Gospel and the prayers of believers, as the best and most efficient agencies of good, they leave those who have less faith in Divine interposition to employ the means at their command to subserve the common cause. There is room for all, and each must be left to work in his own way, and according to his best judgment, to the end that men may be saved.

PERSONALS.

.....Mr. Washburne sailed for Paris on Saturday to resume his post until his successor is appointed.

.....Rev. Dr. Cyrus D. Foss, president of Wesleyan University of Middletown, Conn., preaches the Wilbraham Academy baccalaureate sermon in June.

.....Mme. Janauschek, during her month's stay at the St. James Hotel, Boston, has made about three hundred autograph hunters happy by writing her name that number of times in albums of all shapes and sizes.

.....Edmund C. Stedman, the Wall-street bard, is every inch a family man, and is never happier than under his own roof, with his wife and two boys nearly grown, and both of them taller than their father, recounting the experience of his youth as if he were a veteran, although he is but little over forty.

.....Secretary Thompson is reported to have said of his predecessor, "Since I have been in the Navy Department I have found nothing which led me ever to suspect, certainly not to believe, that Secretary Robeson had been guilty of any act of personal dishonor. All the charges made against him probably grow out of disappointment on the part of individuals."

.....There is a quiet old bachelor in New York city named Peter Goelet, who is estimated to be worth $10,000,000. Being very fond of milk, he keeps a cow in a fine pasture near his residence, in the heart of the city, which, including interest on the value of the pasture, costs him about $2000 a year—the milk somewhere in the immediate vicinity of $8 a gallon. This, they say, is his only extravagance.

.....Mrs. Brooks, the butter manipulator, has had no little success in her modelling in Boston, having produced a bas relief of "Narcissus" and an alto relievo of a child's head, which is called "Pansy." Both of these heads have many charming and artistic characteristics. Mrs. Brooks has patented a casting process, by which she proposes to cast, this week, the model of Narcissus, and by which she intends to prove that her work, though in butter, can be reproduced as well as in clay.

FOUNDERS OF THE AMERICAN STEAMBOAT COMPANY.

In 1863, Benjamin Buffum, Frank Maurau, Jedediah Williams and James T. Rhodes bought the Montpelier and put her on the Newport route. Capt. Williams was in command, and she ran regular and excursion trips. Soon after the appearance of the Montpelier, Mr. Kinsley put the City of Newport on with the Perry. There had not been much competition between the Perry and the Montpelier; but, when the City of Newport began her trips, competition set in at once. Fares were reduced, first to fifty cents each way, and then excursion tickets for the round trip were sold for half a dollar. In December, 1863, the owners of the Montpelier began a new boat, which was called the River Queen.

In the spring of 1864, the Montpelier was sold to a Halifax firm. She went South, and was wrecked on the coast of Cuba. The new River Queen took the place of the Montpelier, and ran on the Newport route during the summer of 1864. In the fall she was sold to the government and became President Lincoln's steam yacht. The famous conference with the rebel commissioners was held on board of the River Queen.

During 1864 a charter was granted to the American Steamboat Company, and in February the company organized with James T. Rhodes as president. The company bought out Mr. Kinsley by purchasing the Perry and the City of Newport, and began business with those boats in the spring of 1865. They had scarcely bought the Perry, however, before they sold her again, and the next thing heard of her was that she was running the blockade. Last summer she was run as an excursion boat out of Philadelphia. Her officers did not appear to know how old she was, but they said that she was a first-rate boat, one of the best boats on Delaware Bay.

Meantime the American Steamboat Company was building the Bay Queen. She came out in 1865, and at once became popular. In 1867, a boat for short, quick trips was wanted, and the Whatcheer was built. In 1870 the company purchased Rocky Point, and set about making it the most attractive shore resort in the world. Two years later they built the River Belle, and, the next year the Day Star. Two years ago the Crystal Wave was built, and the steamboat company now have unequalled facilities for their work. Scarcely another city in the land has a fleet of such excursion boats, and scarcely anywhere else is the business of excursions so systematized and well managed.—["Our Steamboats," in the Providence Journal.

Tweed's weight is now regarded the heaviest when he sits down on his old chums.—[Express.

LOCAL AFFAIRS.

—Police business in on the increase.

—The Jamestown came off the marine railways today.

—Governor Swann, John Whipple and R. M. Hunt are in town.

—Services will be held at the Friends' meeting house this evening at the usual hour.

—The Newport Artillery Veteran Association hold their annual election tomorrow evening.

—The first Connecticut shad has arrived. It weighs seven pounds and is at Carry Brothers'.

—Hon. George Bancroft will enter upon the occupancy of his residence in this city next month.

—Rev. Mr. Bray will preach again in Thames-street M. E. Church this evening at 7½ o'clock.

—The estate of Benjamin Marsh 2d has been sold by the mortgagee, at private sale, to F. N. Barlow for $4,800.

—Thomas Burlingham sold at auction yesterday the Eddy estate on Hall avenue to Gardner Clarke Lillibridge, for $1300.

—Frank O. Swift, in carelessly handling a pistol yesterday afternoon, discharged it, the ball burying itself in his left-hand. It has not yet been extracted.

—At the meeting of the Rhode Island Historical Society tonight in Providence, Geo. C. Mason will read two papers, entitled respectively, "The Printing Press in Newport" and "The "Frigate Gen. Greene."

—The annual election of officers of the Newport Artillery occurs this evening. We learn that there will be some changes though Col. Powel, we are assured, will remain with the company for another year at least.

—The entire line of the Old Colony railroad between Boston and Fall River has been laid with steel, and Superintendent Kendrick proposes to make the trip—forty nine miles—regularly in one hour and fifteen minutes.

—A son of Andrew McMahon fell from an eight foot ladder on Saturday. He was taken up insensible and a physician summoned. No bones were broken and the boy appears to have suffered no serious injury.

—Parker Cottrell, a son of Mr. Michael Cottrell, while practising on the trapeze in the yard of the Rogers high school lost his hold and fell to the ground, striking on his head. He was taken up insensible and taken to his home. Today his injuries are discovered to be of a somewhat serious nature.

—Capt. Carson of the revenue cutter Samuel Dexter reports that the English schooner A. C. Watson of St. John's, N. S., for Halifax with a cargo of corn went ashore on Saw and Pigs reef yesterday. The cutter hauled her off and towed her to New Bedford. She was not leaking but will be taken on the marine ways for examination.

—Yesterday afternoon fire was discovered in an upper room in a house on Perry Mill wharf. The alarm did not spread beyond the immediate vicinity and the hose from Perry mill was quickly run out and water thrown into the room. No cause for the fire can be assigned other than a spark from a tinman's furnace on a neighboring roof entering the open window. The damage was confined to the pillows and coverings of a bed in the room.

—A very enjoyable time was the social reunion of the Esther chorus last evening. They sang the whole cantata in memory of "auld lang syne," after which an hour was passed very pleasantly in a social way. The thanks of the Dorcas Society were presented and a letter was read from Mr. Ledyard for the Holly Tree Inn Association, acknowledging the receipt of the money voted it by the chorus and expressing thanks for the same. It was proposed to effect a permanent organization, and a committee was appointed to select a cantata for practice, which shall be given next fall. The report of the committee will be given at the next meeting of the chorus, Monday evening May 7.

THE REFORM CLUB MEETING.—Major Addison D. Welsh, the "apostle of temperance," delivered a lecture, last evening, before the Newport Reform Club, in the Unitarian Church. The lecture was one of thrilling interest. Commencing with a rehearsal of his own career as an inebriate, which he recounted in a manner to draw the tears from the eyes of persons present, he branched off into incidents of his experience in the work of temperance reform, embracing most thrilling passages in the lives of inebriates, one of whom was a clergyman, whose first step in inebriation was the taking of a single glass of wine at a wedding where he officiated, and who descended rapidly in the scale till he became a victim of that terrible malady, delirium tremens. The interest of the occasion was much heightened by the music of a choir of young persons, members of the Unitarian Sabbath school and the singing of a hymn composed for the occasion by Rev. C. T. Brooks. The attendance was fair for a temperance meeting. There were present on the platform, besides the president of the club, Mr. James H. Palmer, Rev. Messrs. Kimball and Kettell. At the close of the lecture a vote of thanks to the speaker was passed.

N. C. L. A.—At the semi-annual meeting of the Newport Catholic Literary Association held last night the following officers were elected for the ensuing six months:—

President—Thos. E. Shea.
Vice President—W. J. Quinn.
Rec. Secretary—M. C. Boyle.
Financial Secretary—Jas. Galvin.
Cor. Secretary—J. H. Cottrell.
Treasurer—W. J. Walsh.
Librarian—John O'Niel.
Directors—M. J. Kelly, R. Adams, P. Conheeny, D. Garvey.

THE NEW OMNIBUSES.

Mr. Achilles Stevens the well known carriage builder has built three very substantial omnibuses for Mr. Benjamin J. Burton, two of which are to be run on the Broadway line and the other on Bellevue avenue. The dimensions of the bodies of those belonging to the Broadway line are 5½ by 12 feet and each has ample seating capacity for 18 persons and should all the seats be occupied ten additional persons can find room to stand comfortably. They are provided with the famous elliptic spring which enables four persons to ride as easily as ten times that number. On each side there are four large panel windows, the glass being 17x24 inches, which are so arranged that during the summer season they can be swung open and securely fastened on the inside of the omnibus, thus giving all the advantages of an open vehicle. This excellent idea, together with that of the railing on each side of the steps, originated with the builder and the numerous patrons of the line speak very highly of both arrangements.

All the omnibusses are built of well seasoned stock and none but first-class workmen have been employed on them. Mr. Burton, we trust, will reap the benefit of his investment. Our citizens, especially those in the vicinity of Broadway, are greatly indebted to him for his enterprise in this matter.

THE FOLIO for May is at hand but brings in place of the usual portrait a picture of "Grandfather's Arm Chair." The publishers apologize for the omission by saying that the engraving could not be prepared in time, and promise to make up the deficiency in the future. Otherwise the magazine is much as usual.

WAMSUTTA.

The proposed re-opening of the mills is the all absorbing topic of thought and conversation at the north end. It cannot be disputed that a majority of the late operatives, if left to follow their own inclinations and able to withstand the strong pressure that is being brought to bear upon them, would gladly avail themselves of the opportunity now offered to go into the mills on Monday next. Many express themselves surprised and pleased with the leniency displayed by the agent in not debarring (or "black listing") the members of the strike committee and others prominent in the movement, from again entering. There no doubt will be a strong opposition, but the people seem more than ever disposed to act each one for himself. The French people, as a whole, will go in cheerfully, and the Germans, of whom there are about twenty families, seem inclined, though rather reluctantly, to adopt a similar course.

The committee continue firm in their adherence to the strike, and have still the support of a large number of the people. It is proposed to hold a mass meeting of the ex-operatives either this or tomorrow evening, to be addressed probably by P. J. Maguire, Henry Savoy, Daniel Rickeston, and others, at which a vote will be taken by ballot upon the matter of resuming work at the terms offered. Mr. Kilburn has received many applications for situations should the mills start, both from strikers and outsiders, and expresses his belief that little or no difficulty will be encountered in obtaining a full quota of employes for all five mills, at February prices.—[New Bedford Mercury.

THE DISCOVERY OF ROCKY POINT.

In 1848, the Argo began running between Warren and Providence. She came here from Newark, N. J., and was owned by Capt. B. B. Barton, N. Brown and Capt. William Winslow. She was a short, wide boat, and so evidently safe that she soon drifted into the excursion business. During the summer of that year she took a small party from the Sunday school of Dr. Hall's Church to Rocky Point. A few days later, the First Universalist Sunday school went thither in force.

They landed upon the rocks, just where the wharf is now. The grounds were owned by a Mr. Lyon, who allowed the 520 excursionists to wander about pretty much as they pleased. They carried away so good a report of Rocky Point that other parties went there, and in 1849 the Argo made regular trips thither. The fare was 25 cents. Sunday schools and societies were taken cheaper. Captain Winslow, about this time, bought the place and greatly improved it; so that during 1850 and 1851 Rocky Point became very popular.

The discovery, as it were, of Rocky Point in 1849, led to a search for other attractive resorts. In 1849, Vue de l'Eau began to be advertised, and several resorts of lesser note were opened. The Massasoit, of the Rhode Island Steamboat Company's line, and the Canonicus made trips here and there and got people quite in the way of going.—["Our Steamboats," in Providence Journal.

The recent colliery disaster in Wales, when nine men were imprisoned behind a fallen wall of coal 120 feet thick, excited an intense interest in Great Britain, and the stormy appearance of affairs on the continent was for the time forgotten. The work of digging through the barriers was carried on for a week before any hope was held out that the imprisoned men could be rescued, but finally knockings were heard in the pit and the voices of the unfortunate miners singing their Cymric hymns. When the men were brought out and the news was flashed to London, the home secretary was questioned in the house of commons to know if the news was authentic, and even the queen telegraphed to Wales for a confirmation.

The Duke of Wellington had a sense of honor in all money dealings, and would suffer none of his agents to do a mean thing in his name. His steward once bought some land adjoining his country estate, and was boasting of having made a very fine bargain, from the seller being in straitened circumstances. "What did you pay for it?" asked the duke. "Eight hundred pounds," was the answer. "And how much was it worth?" "Eleven hundred pounds," said the steward, rubbing his hands in glee at the thought of the good bargain. "Then take three hundred pounds and carry them to the seller, with my compliments, and don't ever venture to talk to me about cheap land again."

A correspondent of the Baltimore American suggests a fire escape after the following description: A regular "boatswain's chair," which any shipwrigger or seaman would make for a trifle, would be neat, and could be coiled up underneath the window in every room. Even the most delicate lady could, in time of need, pass the rope around her bureau or bed, seat herself in the "chair," throw the rope to men below, and allow them to lower her safely to the ground. But, of course, any man with a grain of sense or strength could do the job for himself. It is in such a contrivance that sailors dangle with impunity from the highest masts.

The Central House at Oak Bluffs is to be enlarged to double its present capacity, and will open for the summer season about July 1st. William A. Sennell of New Bedford, clerk last season, will also fill that position this summer.

BUSINESS NOTICES.

TWO IRRECONCILABLE CONDITIONS.

Debility and health are irreconcilable conditions. Weakly people, that is to say people who lack the vitality requisite for a vigorous discharge of each and all of the bodily functions, are invariably afflicted with some, though it may be a trifling, disorder of the system. Atony, or a want of nervous and muscular vigor, is accompanied by poverty of the blood and leanness. A certain way to overcome it and prevent the aggravated maladies to which it must ultimately lead is to use Hostetter's Stomach Bitters, which promote digestion and assimilation of the food, and thus are the means of furnishing the body with a supply of blood of a quality essential to its proper nourishment. Invigoration through the instrumentality of the matchless tonic protects the feeble from a host of bodily ills which lurk in ambush for the debilitated. The Bitters are an article which it is most desirable to keep constantly on hand.

AUGUST FLOWER.

The most miserable beings in the world are those suffering from Dyspepsia and Liver Complaint.

More than seventy five per cent. of the people in the United States are afflicted with these two diseases and their effects: such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heartburn, Water-brash, gnawing and burning pains at the pit of the Stomach, Yellow Skin, Coated Tongue and disagreeable taste in the mouth, coming up of food after eating, low spirits, &c. Go to your druggist, James H. Taylor and get a 75 cent bottle of AUGUST FLOWER or a Sample Bottle for 10 cents. Try it—Two doses will relieve you.

Dr. Schenck's Standard Remedies.

The standard remedies for all diseases of the lungs are SCHENCK'S PULMONIC SYRUP, SCHENCK'S SEA WEED TONIC, and SCHENCK'S MANDRAKE PILLS, and, if taken before the lungs are destroyed, a speedy cure is effected.

To these three medicines, Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of pulmonary diseases.

The Pulmonic Syrup ripens the morbid matter in the lungs; nature throws it off by an easy expectoration, for when the phlegm or matter is ripe a slight cough will throw it off, the patient has rest and the lungs begin to heal.

To enable the Pulmonic Syrup to do this Schenck's Mandrake Pills and Schenck's Sea Weed Tonic must be freely used to cleanse the stomach and liver. Schenck's Mandrake Pills act on the liver, removing all obstructions, relax the gall bladder, the bile starts freely, and the liver is soon relieved.

Schenck's Sea Weed Tonic is a gentle stimulant and alterative; the alkali of which it is composed, mixes with the food and prevents souring. It avoids the digestion by toning up the stomach in a healthy condition, so that the food and the Pulmonic Syrup will make good blood; then the lungs heal, and the patient will surely get well if care is taken to prevent fresh cold.

All who wish to consult Dr. Schenck, either personally or by letter, can do so at his principal office, corner of Sixth and Arch Streets, Philadelphia, every Monday.

Schenck's medicines are sold by all druggists throughout the country. mar15-eod2m

Miscellaneous.

SOMETHING NEW!

FIFTEEN REASONS
WHY THE
A. B. C. WRINGER
IS SUPERIOR
TO ALL OTHERS!

1. It requires but one half the labor to do the work over the old style wringer.

2. It does not tear off buttons or cut the clothes by forcing and splitting them as other wringers do.

3. It does its work with more uniformity than the old style.

4. It is sold at less than one half the price of other wringers.

5. All of the strength exerted is utilized in wringing, as there is no friction to overcome.

6. It requires no adjustment for different kinds of work.

7. It has no springs to weaken or get out of order.

8. It is made wholly of iron, and galvanized, each and every part being durable, and has no wood about it to warp, crack or split.

9. It is light to handle, and easy to change from one tub to another.

10. Clothes wrung with it will iron easier, as it does not press them full of sharp wrinkles as rubber rolls do.

11. After the clothes are wrung they are left in a loose state, ready to take the lining or hang out. This is not accomplished in the old style wringer.

12. There are no wearing points, consequently it needs no oil.

13. It will last any one a life time, while others have to be supplied with new rolls in from two to five years time, at a cost which would buy the A. B. C. Wringer.

14. Only the best material is used, and the greatest care is taken to see that every Wringer is perfect before it is sent out.

15. Any person purchasing an A. B. C. Wringer and who is not satisfied with it, after a fair trial, can return it at the end of thirty days, and his money will be refunded.

Newport Laundry

—AND—

Steam Carpet Beating.

In Connection with the NEWPORT LAUNDRY, we have put up a patent

STEAM CARPET BEATING MACHINE,

by which the Carpets are beaten on the back and brushed on the face. The dust and dirt as fast as beaten out of the fabric, are removed from the compartment where the carpets are beaten, by an EXHAUSTER FAN, which also removes and carries out of the room any moth or other larva which may be beaten out of the carpet with the dirt and dust, so that there is no possibility of their settling back on the carpet.

Prices for Beating Carpets:

Ingrain and Three Ply, 4c. per yard.
Brussels and Tapestry, 5c. per yard.
Velvet and Wilton, 6c. per yard.

As the machine is under cover, carpets can be beaten in stormy, as well as in pleasant weather.

ENGLISH AND RAG CARPETS WILL BE WASHED FOR 6 CTS. PER SQUARE YARD.

Manilla, Hemp or Rope Carpets thoroughly Cleaned for from 6 to 12 cents per yard.

☞Orders may be sent by 'mail, directed to the Newport Laundry, given to the driver of the Laundry Wagon, or may be left with J. D. Richardson, 212 Thames Street, agent for Newport Laundry.

CARPETS CALLED FOR AND RETURNED FREE OF CHARGE FOR CARTAGE.

Latest News from the "CENTENNIAL" at Newport.

The rush still continues at the above Company's establishment for

Teas, Coffee, Spices &c.,

which is good evidence of appreciation by Newport people. Those who have purchased their supplies for the past years in Providence and other cities now find they can do better by purchasing at home, from such a firm as the above, whose aim is to sell at

Lowest Market Rates,

to be undersold by none, not to be influenced by high prices charged by others, to keep the best line of goods there is to be had in the market and sell at the smallest possible margin, making a deduction to those purchasing in original packages. We know nothing about other dealers' goods, what we do know is that ours cannot be beat, and a trial will prove to you that we sell CHEAPER and you get the best the market affords. STOP AND READ!

WINTER OF

1876 AND 1877.

For sale cheap, as I want to reduce stock.

I HAVE ON HAND and want to sell the following vehicles:

1 extra nice new Two Seated Sleigh made at Albany, Rust with crimson plush, with both pole and shafts, just the sleigh to make a Christmas present, and be remembered at every snow storm. 2 second hand Two Seated Sleighs, with pole only. 1 Single sleigh, second hand. 1 second hand Coupe Carryall in good order and just painted, good serviceable storm carriage and cheap. 1 Brownell Carryall. 1 C Spring Top Phaeton Buggy. 1 Brewster Top Buggy. 2 Phaeton Top Buggy. 1 Open Buggy. 1 Two Seated Open Wagon. 2 Express Wagons. 1 nice Dog Cart with reversible seat, pole and shafts, just the carriage to drive a lady hand to. 1 very nice new Box Top Buggy. 1 very nice new Basket Top Phaeton, will sell a great deal lower now than in the Spring—makes a good close buggy, or a nice summer carriage. 3 second hand Beach Wagons, cheap. 1 second hand Landau, cheap. 3 Barouches in good order and newly painted. 1 Victoria with pole and shafts, cheap if sold now. 1 Covered Wagon, will carry 8 people easy. 1 new Express Wagon, cheap as we are giving up selling express wagons. 1 new Road Wagon, just the thing for business or pleasure. 1 Second Top Phaeton Buggy, been used but little. 1 Phaeton Top Buggy, one year's use and that with care. 1 second hand Light Dog Cart with shafts. 1 second hand Drag with seat behind, just the thing for 6 horse teams, newly painted and in good order, and several other carriages all of which I shall be glad to sell for cash or paper that will be paid at maturity.

I would say that through the kindness of my friends, I have disposed of about 100 different vehicles the past few years having sold carriages to go to Providence, R. I., Stonington, Ct., Little Rock, Arkansas, Middletown, Portsmouth, Tiverton, Fall River, New Hampshire and various other places, all of which have proved as represented. To those having any House painting, Graining or any other work, that they want done and are willing to pay a fair price to have the same done in a good and substantial manner, I shall be glad to give estimates, and will warrant all work done by me to be in every respect as represented. I return my thanks for the generous patronage which has been bestowed in the past and asked a continuance in the future. To my very numerous friends who have neglected to settle their bills for work done long ago,—if they will now respond by attending to them at once they will confer a great favor, as money is now very useful.

HOUSEHOLD RECIPES.

PORK STEAKS.—Procure six pork steaks from the rump, flatten slightly, pare and season with salt and pepper, and let macerate in a plate with a little lemon-juice and sweet oil for an hour; sprinkle with white-bread crumbs and broil slowly until well done; range in a dish, pour a sauce around and serve.

SOUP A LA SOLFERINO.—Cook separately some green peas and new potatoes (Bermudas,) cut in small squares; put in a stewpan with two handfuls of string beans, cut short; some sliced chervil and celery leaves and two quarts of beef broth; boil ten minutes, put three ounces of short pieces of grisini bread in a soup tureen, pour the soup over and serve.

FORE-QUARTER OF LAMB, STUFFED.—Cut off the neck and the handle-bone of a fore-quarter of lamb, crack the ribs and trim the spine, make a deep incision under the shoulder and fill with a stuffing made as follows: Put in a kitchen-vessel four ounces of stale white bread (crumbled up), a cup of raw cream, two ounces of raw lean veal or lamb (chopped fine), two ounces of butter, some shallot, mint and parsley; add salt, with pepper and nutmeg to taste, and two eggs; mingle all this thoroughly; this done, sew up the aperture, fold the breast inside, tie nicely and roast for about an hour, according to size; pare both ends, remove the strings and dish up; take off the feet and make a rich gravy by adding some strong broth to the drippings; strain over the meat and serve with a sauce-bowl of mint sauce.

HOW TO COOK EGGS.—Curried eggs.—Take six eggs, boiled hard; into a lined sauce-pan put three ounces of butter or three table-spoonfuls of butter and three dessert-spoonfuls of curry-powder; slice two boiled onions, finely minced; cook until soft, when slice into the mixture the eggs, with a tea-cup of cream, and let simmer, not boil. Buttered eggs.—Beat well four fresh eggs, and with two ounces of butter melted in a water-bath, pour into a lined sauce-pan, stirring, that they may perfectly assimilate. Serve hot, spread on buttered toast. Brended eggs.—Boil the eggs hard, slice them when cold, and dip each slice in raw egg and afterward in fine bread-crumbs; fry them in butter and serve hot, but freed from grease.

COOKING AN OMELET.—The first consideration is that the eggs should be beaten very light and separately, the white stirred in only just before cooking—this, notwithstanding it is the custom of most cooks to make one matter of the egg-beating. The pan should be moderately hot; if too hot, while there is difficulty in preventing the buring of the outside, the inside will be left half raw and accordingly disagreeable. If possible after the omelet is on the fire it should not be touched by a knife or spoon. In fact, it is worth while going in training to acquire the art of turning the omelet by a species of conxing such as is practiced by professed cooks. This is done by taking the handle of the pan and gently, though abruptly, jerking it so that the omelet will raise itself gradually, and finally make the required flop. When done it should be turned over on a folded napkin and doubled.

FRIED EELS, ENGLISH STYLE.—Take two large eels, skin, draw, pare and cut them in five-inch lengths; put into a sauce-pan with salt, pepper-corns, a bunch of parsley, a sliced onion, three blades of mace, a glass of vinegar, and water enough to cover; set to boil and cook slowly for ten minutes; let cool, drain on a cloth, immerse in a flour batter, and fry of a nice color in plenty of very hot fat; drain, sprinkle with fine salt, dish up on a folded napkin, surround with fried parsley and quartered lemons, and serve with a pour-man's sauce in a sauce bowl.

POOR MAN'S SAUSE.—Thicken a pint of broth with a tablespoonful of flour browned in butter, boil ten minutes, finish with two tablespoonfuls tomato catsup and one of essence of anchovies, mingle well but boil no longer.

CHILDREN TEETHING

MRS. WINSLOW'S

SOOTHING SYRUP,

For Children Teething,

greatly facilitates the process of teething, by softening the gums, reducing all inflammation will allay ALL PAIN and spasmodic action, and

Sure to Regulate the Bowels.

Depend upon it, mothers, it will give rest to yourselves, and

Relief and Health to Your Infants.

We have put up and sold this article for years, and CAN SAY IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after years of experience. AND PLEDGE OUR REPUTATION FOR THE FULFILMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation has been used with NEVER FAILING SUCCESS in

Thousands of Cases.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

Griping in the Bowels, and Wind Colic.

We believe it the BEST AND SUREST REMEDY IN THE WORLD, in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—DO NOT LET YOUR PREJUDICES, NOR THE PREJUDICES OF OTHERS, stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle.

Be sure and call for

"Mrs. Winslow's Soothing Syrup,"

Having the fac-simile of "CURTIS & PERKINS" on the outside wrapper.

Sold by druggists throughout the world.

TO THE LOVERS of STEREOSCOPIC VIEWS.

THE ATTENTION of the public is invited to the following views from negative by J. A. WILLIAMS, which is believed to be the best and largest collection of the gems of Newport scenery ever offered.

The negatives are all carefully taken with the best materials and instruments and aim to present not merely patches of landscapes from points chosen at random as is the case with many others, but, views which shall combine within themselves all the best elements of a picture in the artistic sense.

We would call particular attention to our new cabinet size views taken the present season, 1876, which exhibit with all the fidelity of the stereoscope,

Parties who may wish to make presents to their friends abroad, or to carry home memento of Newport, cannot make a more acceptable choice than by selecting from the many beautiful views of Newport and surroundings.

Interiors and exteriors of houses taken to order. Also parties, horses, &c.

GLENN'S

SULPHUR SOAP

THOROUGHLY CURES DISEASES OF THE SKIN, BEAUTIFIES THE COMPLEXION, PREVENTS AND REMEDIES RHEUMATISM AND GOUT, HEALS SORES AND ABRASIONS OF THE CUTICLE AND COUNTERACTS CONTAGION.

This Standard External Remedy for Eruptions, Sores and Injuries of the Skin, not only REMOVES FROM THE COMPLEXION ALL IMPURITIES arising from local impurities of the blood and obstruction of the pores, but also those produced by the sun and wind, such as tan and freckles. It renders the CUTICLE MARVELOUSLY CLEAR, SMOOTH AND PLIANT, and being a WHOLESOME BEAUTIFIER is preferable to any cosmetic.

ALL THE REMEDIAL ADVANTAGES OF SULPHUR BATHS are insured by THE USE OF *Glenn's Sulphur Soap*, which in addition to its purifying effects, remedies and PREVENTS RHEUMATISM and GOUT.

IT ALSO DISINFECTS CLOTHING and LINEN and PREVENTS DISEASES COMMUNICATED BY CONTACT with the PERSON.

IT DISSOLVES DANDRUFF, prevents baldness, and retards grayness of the hair.

Physicians speak of it in high terms.

Prices—25 and 50 Cents per Cake; Per Box (3 Cakes), 60c. and $1.20.

N. B.—Sent by Mail, Prepaid, on receipt of price, and 2 cents extra for each Cake.
